KB-001 — Placing an order

Common question: How do I place an order?

Resolution: Select the desired items, confirm quantities and options, enter the delivery details, review the order total, and submit payment.

Recommended steps:

1. Review the shipping address and item quantities carefully before confirming.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-002 — Order confirmation

Common question: Where can I find my order confirmation?

Resolution: A confirmation is normally shown immediately after successful checkout and may also be sent to the account email.

Recommended steps:

1. If no confirmation appears, check order history before placing a second order.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-003 — Order number

Common question: Where do I find my order number?

Resolution: The order number is shown on the confirmation page, confirmation email, and order history when available.

Recommended steps:

1. Use the order number when contacting support about a specific purchase.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-004 — Order status meanings

Common question: What do the order statuses mean?

Resolution: Common statuses include processing, packed, shipped, delivered, canceled, and returned. The exact status definitions appear in order history.

Recommended steps:

1. Use the latest tracking event when estimating delivery.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-005 — Order processing delay

Common question: Why has my order stayed in processing?

Resolution: Processing can take longer because of inventory checks, payment verification, warehouse workload, or address review.

Recommended steps:

1. Wait for the stated processing window before requesting an escalation.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-006 — Order canceled by system

Common question: Why was my order canceled automatically?

Resolution: Orders can be canceled because inventory became unavailable, payment could not be completed, or an order-security check failed.

Recommended steps:

1. Check the cancellation notice for the specific reason and whether a refund was initiated.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-007 — Out-of-stock item

Common question: What happens if an item is out of stock?

Resolution: An unavailable item may be removed, delayed, or canceled depending on inventory policy.

Recommended steps:

1. Do not assume a backorder will ship unless the order status explicitly says so.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-008 — Backordered item

Common question: What does backordered mean?

Resolution: A backordered item is not currently available for immediate shipment but may be expected later.

Recommended steps:

1. Check the estimated availability date and any cancellation options.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-009 — Changing shipping address

Common question: Can I change the shipping address after ordering?

Resolution: Address changes are only possible before the order reaches a fulfillment stage that locks the shipment.

Recommended steps:

1. Contact support immediately if the address is wrong; do not rely on carrier redirection.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-010 — Wrong shipping address

Common question: I entered the wrong address. What should I do?

Resolution: Contact support as soon as possible with the order number. If the package has already shipped, carrier options may be limited.

Recommended steps:

1. Do not provide sensitive payment information when requesting an address correction.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-011 — Tracking number

Common question: Where can I find tracking information?

Resolution: Open order history and select the shipped order. The tracking number and carrier link are shown when available.

Recommended steps:

1. Tracking may not update immediately after a shipping label is created.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-012 — Tracking not updating

Common question: Why has tracking not changed?

Resolution: A label can be created before the carrier physically scans the package. Transfers between facilities can also create gaps in updates.

Recommended steps:

1. Allow the carrier's normal scan window to pass before reporting a missing update.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-013 — Estimated delivery date

Common question: How accurate is the estimated delivery date?

Resolution: Estimated dates are based on fulfillment and carrier information and are not guaranteed unless the service explicitly provides a guarantee.

Recommended steps:

1. Use the latest tracking event as the best current indicator.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-014 — Late delivery

Common question: My package is late. What should I do?

Resolution: Check tracking for weather, carrier exceptions, address issues, or facility delays. If the expected window has passed, contact support.

Recommended steps:

1. Keep the order number and tracking number available.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-015 — Delivery exception

Common question: What does a delivery exception mean?

Resolution: A delivery exception indicates that the carrier encountered an issue such as an address problem, weather event, or failed delivery attempt.

Recommended steps:

1. Read the carrier's latest event for instructions before contacting support.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-016 — Failed delivery attempt

Common question: The carrier could not deliver my package.

Resolution: Check whether another delivery attempt is scheduled or whether the package is waiting at a pickup location.

Recommended steps:

1. Follow the carrier's instructions and keep the tracking number available.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-017 — Package marked delivered but missing

Common question: Tracking says delivered, but I cannot find the package.

Resolution: Check the delivery location, building reception, household members, and nearby safe locations. Some carriers may mark a package delivered shortly before actual arrival.

Recommended steps:

1. If it remains missing after the carrier's recommended waiting period, contact support and the carrier.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-018 — Package damaged in transit

Common question: My package arrived damaged.

Resolution: Photograph the package and contents before discarding packaging. Report the damage using the order support process.

Recommended steps:

1. Keep the damaged item and packaging until the claim process is complete.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-019 — Wrong item received

Common question: I received a different item.

Resolution: Compare the received item with the order confirmation and report the mismatch using the order support process.

Recommended steps:

1. Keep the incorrect item and original packaging until support provides instructions.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-020 — Missing item in shipment

Common question: One item is missing from my order.

Resolution: Check whether the order was split into multiple shipments. If not, report the missing item with the order number.

Recommended steps:

1. Do not reorder the missing item until the original shipment has been investigated.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-021 — Partial shipment

Common question: Why did my order arrive in multiple packages?

Resolution: Orders may be split when items ship from different facilities or have different availability dates.

Recommended steps:

1. Check each tracking number in order history before reporting an item missing.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-022 — Shipping fee

Common question: Why was I charged a shipping fee?

Resolution: Shipping fees depend on destination, delivery method, order value, and applicable promotions.

Recommended steps:

1. Review the checkout summary and order confirmation for the shipping charge.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-023 — Expedited shipping

Common question: How does expedited shipping work?

Resolution: Expedited options reduce the carrier transit time when available, but fulfillment time and carrier exceptions can still affect delivery.

Recommended steps:

1. Check both the processing time and transit estimate.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-024 — International shipping

Common question: Do you ship internationally?

Resolution: International shipping depends on destination, product eligibility, customs requirements, and available carriers.

Recommended steps:

1. Review the shipping options shown for the destination country before ordering.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-025 — Customs delay

Common question: Why is my international package stuck in customs?

Resolution: Customs authorities may hold shipments for inspection, documentation, duties, or other import requirements.

Recommended steps:

1. Check the carrier or customs notice for required action.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-026 — Import duties

Common question: Who pays import duties?

Resolution: Import duties and taxes may be charged to the recipient depending on destination rules and the shipping arrangement.

Recommended steps:

1. Review the checkout or shipping terms for the applicable responsibility.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-027 — Delivery to apartment or office

Common question: Can the carrier deliver to a building reception desk?

Resolution: Delivery depends on the building and carrier rules. Provide accurate unit, floor, or reception instructions when the order form supports them.

Recommended steps:

1. Use a secure delivery location where possible.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-028 — PO box delivery

Common question: Can I ship to a PO box?

Resolution: PO box delivery depends on the carrier and product. Some carriers require a physical address.

Recommended steps:

1. Choose an eligible delivery address if the checkout rejects the PO box.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-029 — Order pickup

Common question: How does pickup work?

Resolution: For eligible locations, the order becomes available after the pickup-ready notification is issued.

Recommended steps:

1. Bring the required order information and identification if the pickup location requires it.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-030 — Changing delivery method

Common question: Can I change shipping speed after ordering?

Resolution: Shipping-method changes are only possible before fulfillment reaches a locked stage and may require an additional charge.

Recommended steps:

1. Contact support quickly if you need a faster or slower method.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-031 — Cancel before shipment

Common question: Can I cancel an order before it ships?

Resolution: Orders can generally be canceled while they remain in an eligible processing state.

Recommended steps:

1. Use the cancellation option in order history as soon as possible.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-032 — Cancel after shipment

Common question: Can I cancel an order after it ships?

Resolution: Once shipped, cancellation may no longer be possible. The available option may be refusal, return, or delivery support.

Recommended steps:

1. Do not refuse a package unless support or the carrier instructs you to do so.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-033 — Order history missing

Common question: Why is an older order not visible?

Resolution: Older orders may be archived, associated with a different account, or hidden by an order-history filter.

Recommended steps:

1. Confirm the account and date range before contacting support.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-034 — Gift order

Common question: Can I send an order as a gift?

Resolution: Gift options depend on the item and checkout flow. Available options may include gift messages or different packing slips.

Recommended steps:

1. Verify the recipient address and gift settings before payment.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-035 — Delivery instructions

Common question: Can I add special delivery instructions?

Resolution: If the checkout supports delivery instructions, enter concise directions that help the carrier locate the delivery point.

Recommended steps:

1. Avoid including passwords, access codes, or other sensitive information in delivery notes.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-036 — Carrier contact

Common question: Should I contact the carrier directly?

Resolution: For live delivery events, the carrier can sometimes provide the fastest information. Support can assist when the order data or fulfillment process needs investigation.

Recommended steps:

1. Use the official tracking page or carrier information shown in the order.

Escalation: Escalate to support if the issue persists after the recommended steps.

KB-037 — Order security review

Common question: Why is my order under security review?

Resolution: Some orders are reviewed to prevent fraud or unauthorized transactions. The review may delay fulfillment.

Recommended steps:

1. Respond only through official account or support channels and never send payment passwords or one-time codes.

Escalation: Escalate to support if the issue persists after the recommended steps.
