

# Customer Support Knowledge Base — Returns & Refunds

Synthetic support articles covering return eligibility, labels, exchanges, damaged items, refund timing, refund exceptions, and return troubleshooting.

Article count: 38

## KB-001 — Return eligibility

**Common question:** How do I know if an item can be returned?

**Resolution:** Return eligibility depends on the item, purchase date, condition, and applicable policy. The order page should show whether a return is available.

**Recommended steps:**

1. Check the specific order before shipping anything back.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## KB-002 — Starting a return

**Common question:** How do I start a return?

**Resolution:** Open the order, select the eligible item, choose the return reason, and follow the provided return instructions.

**Recommended steps:**

1. Use the return method generated for that specific order.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## KB-003 — Return window

**Common question:** How long do I have to return an item?

**Resolution:** The return window varies by product and policy. The order or return page should show the applicable deadline.

**Recommended steps:**

1. Start the return before the displayed deadline.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## KB-004 — Return label

**Common question:** Where do I get a return label?

**Resolution:** If a prepaid label is offered, it is generated through the return workflow and may be downloadable or emailed.

**Recommended steps:**

1. Use only the official label for the order.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-005 — Return label expired**

**Common question:** My return label expired.

**Resolution:** Request a replacement label if the return is still within the allowed window.

**Recommended steps:**

1. Do not reuse an expired label if the carrier may reject it.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-006 — Return shipping fee**

**Common question:** Do I have to pay return shipping?

**Resolution:** Return shipping responsibility depends on the reason for return, product policy, and region.

**Recommended steps:**

1. Review the return summary before completing the return.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-007 — Wrong item return**

**Common question:** I received the wrong product and need to return it.

**Resolution:** Start the return using the reason indicating an incorrect item. Keep the received product and packaging until the return is approved.

**Recommended steps:**

1. Include photos if the return flow requests evidence.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-008 — Damaged item return**

**Common question:** The item arrived damaged. How do I return it?

**Resolution:** Report transit damage promptly and follow the damage-specific return instructions.

**Recommended steps:**

1. Photograph the item, packaging, and shipping label before sending it back.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-009 — Defective item**

**Common question:** The product does not work correctly.

**Resolution:** Check the troubleshooting guidance first when appropriate. If the defect remains, start a return or replacement request using the defect reason.

**Recommended steps:**

1. Keep evidence of the problem if support requests it.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-010 — Opened product return**

**Common question:** Can I return an opened item?

**Resolution:** Some products can be returned after opening, while hygiene, personalized, digital, or other restricted products may not be eligible.

**Recommended steps:**

1. Check the product-specific return policy rather than assuming opened items are excluded.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-011 — Missing accessories**

**Common question:** The returned item is missing an accessory.

**Resolution:** A return may be delayed or adjusted if required components are missing.

**Recommended steps:**

1. Gather all included accessories, manuals, and packaging before returning the item.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-012 — Return condition**

**Common question:** What condition must an item be in?

**Resolution:** The item should generally be returned in the condition required by the product's return policy, with included components when applicable.

**Recommended steps:**

1. Do not alter, damage, or dispose of required parts before the return is completed.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-013 — Return tracking**

**Common question:** How can I track my return?

**Resolution:** Use the carrier tracking number from the return shipment and the return status shown in your account.

**Recommended steps:**

1. Keep the carrier receipt until the refund is finalized.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-014 — Return delivered but not processed**

**Common question:** Tracking says my return was delivered, but the refund is pending.

**Resolution:** Warehouse receipt and refund processing are separate events, so there can be a delay after delivery.

**Recommended steps:**

1. Wait through the stated processing window, then contact support with return tracking.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

**KB-015 — Refund after return**

**Common question:** When will I receive my refund after a return?

**Resolution:** Refund timing begins after the return is received and approved, then depends on the original payment provider.

**Recommended steps:**

1. Check the return status before contacting support.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

**KB-016 — Refund to original payment**

**Common question:** Where does the refund go?

**Resolution:** Refunds normally go back to the original payment method unless the policy explicitly provides another option.

**Recommended steps:**

1. Check the original card, bank account, or payment wallet.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

**KB-017 — Refund to gift payment**

**Common question:** Can a gift purchase be refunded?

**Resolution:** Gift refunds depend on the purchase and recipient policy. Some refunds may be issued as account credit or to the original purchaser.

**Recommended steps:**

1. Use the order's return instructions to see the available option.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

**KB-018 — Exchange request**

**Common question:** Can I exchange an item instead of getting a refund?

**Resolution:** Exchanges depend on inventory and product policy. If an exchange is supported, the return flow will show the available option.

**Recommended steps:**

1. If exchange is unavailable, a return and new order may be required.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

**KB-019 — Size or variant exchange**

**Common question:** Can I exchange for a different size or variant?

**Resolution:** Eligible products may allow a variant exchange when the desired replacement is available.

**Recommended steps:**

1. Select the exact replacement option in the return flow when offered.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-020 — Return rejected**

**Common question:** Why was my return rejected?

**Resolution:** A return can be rejected if it is outside the allowed window, ineligible, incomplete, or does not meet condition requirements.

**Recommended steps:**

1. Review the rejection reason and contact support if you believe the decision is incorrect.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-021 — Refund amount lower than expected**

**Common question:** Why was my refund smaller than the original charge?

**Resolution:** The difference can result from non-refundable shipping, used credits, partial returns, taxes, restocking rules, or other policy adjustments.

**Recommended steps:**

1. Compare the refund statement with the original invoice line by line.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-022 — Partial refund**

**Common question:** Can I receive a partial refund for one item?

**Resolution:** Partial refunds may be available for specific issues, price adjustments, or partial order returns.

**Recommended steps:**

1. Provide the affected item and order reference when requesting review.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-023 — Price adjustment**

**Common question:** Can I get a refund if the price drops after purchase?

**Resolution:** Price-adjustment eligibility depends on the product and promotion policy.

**Recommended steps:**

1. Check the policy and provide the original order date and current price if requesting review.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-024 — Refund pending**

**Common question:** Why does my refund show as pending?

**Resolution:** The return or billing system may still be processing the refund before it is sent to the payment provider.

**Recommended steps:**

1. Do not initiate a second refund request while the original one is pending.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-025 — Refund failed**

**Common question:** Why did my refund fail?

**Resolution:** A refund can fail because the original payment method is unavailable, the payment provider rejected the transaction, or the transaction requires review.

**Recommended steps:**

1. Contact support with the refund reference so the payment team can investigate.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-026 — Card replaced after purchase**

**Common question:** My card was replaced after I made the purchase. Where will the refund go?

**Resolution:** Payment providers often route refunds to the underlying account even when a physical card has been replaced.

**Recommended steps:**

1. Contact the card issuer if the refund does not appear after the normal processing period.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-027 — Bank account closed**

**Common question:** The original bank account is closed. Can the refund be rerouted?

**Resolution:** Refund routing depends on the payment provider and transaction method. Support may not be able to redirect a completed refund.

**Recommended steps:**

1. Contact the original payment provider first if the refund is returned or rejected.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-028 — Return without original packaging**

**Common question:** I no longer have the original packaging.

**Resolution:** Packaging requirements vary by product. Some returns accept the item without retail packaging; others require it.

**Recommended steps:**

1. Check the return instructions before shipping the item.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-029 — Return by drop-off**

**Common question:** Where can I drop off a return?

**Resolution:** The return confirmation lists the supported drop-off method and location options.

**Recommended steps:**

1. Use the location or carrier specified by the return instructions.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-030 — Return pickup**

**Common question:** Can someone pick up my return?

**Resolution:** Pickup availability depends on location, carrier, and return method.

**Recommended steps:**

1. Choose pickup during return setup if it is offered.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-031 — Return deadline missed**

**Common question:** I missed the return deadline. Can an exception be made?

**Resolution:** Exceptions are not guaranteed and depend on the reason, product, and policy.

**Recommended steps:**

1. Contact support promptly with the order and reason for the delay.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-032 — Return for wrong size**

**Common question:** The item does not fit. Can I return it?

**Resolution:** Size-related returns are generally handled under the standard eligible-return policy unless the product has special restrictions.

**Recommended steps:**

1. Select the size or fit reason during the return process.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## **KB-033 — Final sale item**

**Common question:** Can I return a final-sale item?

**Resolution:** Final-sale items are generally excluded from standard returns unless the item is defective, damaged, or otherwise covered by an exception.

**Recommended steps:**

1. Check the product-specific terms before shipping it back.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## KB-034 — Personalized item return

**Common question:** Can personalized items be returned?

**Resolution:** Personalized or custom-made items are often excluded from standard returns because they cannot easily be resold.

**Recommended steps:**

1. Contact support if the item arrived defective or incorrect.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## KB-035 — Digital product refund

**Common question:** Can I return or refund a digital purchase?

**Resolution:** Digital purchases may have different refund rules because delivery can occur immediately.

**Recommended steps:**

1. Review the digital-product policy and transaction status before requesting a refund.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## KB-036 — Subscription refund

**Common question:** Can I get a refund for a subscription period?

**Resolution:** Subscription refunds depend on the plan terms, timing, and applicable cancellation policy.

**Recommended steps:**

1. Cancel future renewals first if you no longer want the subscription.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## KB-037 — Evidence for return claim

**Common question:** What evidence should I provide for a damaged or incorrect item?

**Resolution:** Useful evidence can include photos of the item, packaging, shipping label, and the problem itself.

**Recommended steps:**

1. Do not include unnecessary personal or payment information in uploaded evidence.

**Escalation:** Escalate to support if the issue persists after the recommended steps.

## KB-038 — Return support escalation

**Common question:** When should I contact support about a return?

**Resolution:** Contact support when the return is eligible but the self-service workflow fails, the shipment is lost, or the refund exceeds the stated processing window.

**Recommended steps:**

1. Include the order number and return tracking number, if available.

**Escalation:** Escalate to support if the issue persists after the recommended steps.
